GENERAL MANAGER OF OPERATIONS - SOUTH EAST

MANAGER'S REPORT

As we reflect on the achievements and challenges of the AFL South East region in 2023, this year has been a period of strength and transition, marked by remarkable accomplishments and strategic moves to enhance our support for stakeholders and communities.

Since assuming the role of General Manager - Operations in July 2023, following my tenure as Senior Football & Region Umpire Manager, the AFL South East team has been tirelessly dedicated to advancing our goals and ensuring the success of Australian Rules Football & Netball in the region. The past year has seen a series of highlights that underscore the strength of our region. Record-breaking participation in our Junior competitions, the impressive growth of MPFNL as a premier competition in both Football & Netball, a substantial increase in media reach through a refined strategy, and the Umpiring group's substantial growth from 409 to approximately 650 registered Umpires all stand testament to the vibrancy and dynamism of AFL South East.

The SEWF provided an exceptional opportunity for female footballers, and we eagerly anticipate their transition to the MPFNL in 2024.

Our events portfolio has thrived, with increased attendance at major events and a surge in live stream viewership, demonstrating the enduring appeal of our competitions.

Throughout 2023, we witnessed key staff members transition within the AFL South East administration. Therese Tresize (Finance), George Morgan (Head of Operations), Rod Hamilton (Women's Football Coordinator), Nathan Harris (Junior Football Manager), and Dean Armstrong (Umpire Operations Coordinator) have all made significant contributions to our community and organization, and we commend them for their dedication and service.

As we embark on a new year, we welcome the appointment of Charlotte Hammans as Senior Football Operations Coordinator, Ryan Mann as Umpire Operations Coordinator, and Shekhar Nand as the Junior Football Operations Coordinator. We anticipate their

passion, enthusiasm, and valuable contributions to the continued success of AFL South East.

With the implementation of the MPFNL Board in 2023, we eagerly anticipate collaborating with the South East Juniors and Frankston and District Junior Football League Boards in 2024, along with the formation of the AFL South East Regional Council. The governance restructure undertaken in the region will provide clear roles and responsibilities for administrators and directors, ensuring effective leadership for years to come.

We extend our gratitude to the previous Advisory members and league commissioners for their dedication and service, shaping the foundation upon which we build our future success.

Our heartfelt appreciation goes out to our commercial partners, including MRC Mornington, Chisholm Sports Academy, TAC, WorkSafe, Skins, Nautee Beverages, Victor Sports, and Rookie Me. The support of these partners is instrumental in the continued growth and success of AFL South East.

Special recognition is reserved for our media partners, GameFace, for their invaluable contribution in filming and live streaming games across the region, enhancing the visibility and accessibility of our competitions.

A sincere thank you to our dedicated staff: Sam Confait as AFL Region Manager - South East, Sam Downie as Netball & Events Manager, Carly Ravenhall as Media & Commercial Coordinator, and Caleb Van Raay as Junior Football Operations Coordinator and then recently as Junior Football Manager. Your incredible efforts in 2023 have provided unwavering support to our volunteer stakeholders while exemplifying outstanding values and levels of service both internally and externally. In conclusion, I extend my deepest appreciation to every member of the AFL South East Region — players, coaches, volunteers, and invested supporters. You are the lifeblood of community football, and it is your passion, commitment, and stories that make AFL South East the vibrant and thriving community it is today. As we look ahead to 2024, I am confident that together, we will continue to achieve new heights and make lasting contributions to Australian Rules Football in our region.

Thank you for an exceptional year.

CALEB VAN RAA Y

AFL SOUTH EAST JUNIOR FOOTBALL MANAGER

SEJ FOOTBALL REPORT

South East Juniors (SEJ) had a successful 2023 season with some exciting new additions to the competition which included the inaugural U10 girls competition, regional football with SEJ and Frankston & District Junior Football League (F&DJFL) combining the U13 and U14 age groups, and the re-introduction of the U16 boys age group.

2023 also saw the introduction of the 'SEJ Academy' interleague program for Under 13 to 15 boys and under 14 to 16 girls.

4,379 players, 477 coaches and 1,373 volunteers represented the SEJ across 39 divisions, with a 14 round home and away season and subsequent finals ending with premiership flags presented in 2023.

2023 had an increase of 372 players in the SEJ from 2022, highlighting the competitions rebuilding and increased growth in the female football space. This was a refreshing statistic after a significant drop in 2022. 798 females represented the SEJ in 2023 which was an increase of over 100 while the boys numbers also increased from 2022.

The SEJ was represented by 17 clubs in 2023, a reduction of one club after the departure of Tooradin JFC. 64 teams completed the 'modified' U8 to U10 age groups, 38 teams in the U11 and U12 spaces, 33 teams in the U13 and U14 regional grades and 41 teams in the U15 to U19 age groups.

LITTLE DEMONS DAY

Little Demons Day 2023 was again partners with Melbourne FC at Casey Fields (VFL Oval) for U8s, 9s and 10s age groups. This year saw an all girls clinic hosted in the Indoor Training Facility (ITF) to launch the newly established U10 Girls competition.

For the first time, the event was held prior to round 1 and utilised as a pre-season event to assist clubs set up for the season ahead. It was also promoted as a registration driver for clubs.

Each team participate in 2-3 modified matches which provided players and officials alike to gain match day experience on a smaller scale while also creating a carnival type atmosphere at Casey Fields.

2023 GRAND FINAL PREMIERS

SEJ – U11A: Officer JFC Mixed Blue 6.5.41 def Beaconsfield JFC Mixed Gold 1.2.8

SEJ – U11B: Berwick JFC Boys Navy 3.4.22 def Officer JFC U11 Boys Black 1.3.9

SEJ ACADEMY & SEJ INTERLEAGUE

SEJ GIRLS

Sean Chamberlain – SEJ Academy Girls Head Coach

This year we saw the revamp of the SEJ (Melbourne) Academy. Having Hope Smith overseeing the administration of the program was fantastic. What was very impressive was the Combine Testing day held in Keysborough by Rookie Me (Parents were Blown Away) But for me The SEJ Academy apparel stood out and looked fantastic the whole year.

Kicking off in February with come try days for nominated players and Division 2 from previous Year, of which we saw great numbers turn up. This year Starting in March with the girls Academy program we had U14 & U16 having approximately 50 participants in each age group. Tim Ferguson and myself created a training program for all age groups that was designed for a lot of craft work and game sense drills. Set in 3-4 week blocks, then adding to the drills to increase intensity and pressure.

For the girls training sessions there would always be high standards for pre training craft followed by a very impressively run strength and conditioning warm up. The sessions consisted of 3-4 craft rotations, followed by two larger game sense drills accumulating all the craft drills into game sense.

Leading up to the Queens Birthday weekend Interleague carniva) our Div 1 & Div 2 Teams were picked and announced but we still would train each age group as one. We also established an U12 Team was formed and got to play a game against West Gippsland. U18 Girls came in for the remaining 4 week block to get to know each other. The carnival was fantastic seeing what we had been Coaching over the past 8 weeks coming out in Games was brilliant. All players were played in multiple positions and equal time for all on the bench was fulfilled to our best ability.

Results for Games was not the focus but each age group did everything we asked them to do as an Academy and enjoyment was seen to be had by all.

SEJ BOYS

Tim Ferguson - SEJ Academy Boys Head Coach

SEJ's Academy for 2023 was put together with a lot of thought, planning, time, effort and perseverance to deliver a program that would engage and stimulate all players from U13's to U15's. Our focus was strongly directed at fundamentals of the game, leading into game sense drills which would in turn help develop the players to understand match simulation awareness to apply in games.

Our Stage 1 program started in November 2022 across 4 weeks, which included training with Dandenong Stingrays, Gippsland Power and Casey Demons VFL all taking training on various nights. This was enthusiastically received by both players and coaches in understanding what is required to take the next steps and open all our eyes to a more professional approach in our football journey. Recommencing in February 2023 with Stage 2, run by Rookie Me. This involved another 4 week program including a combine testing day which was well received from players and families, as the visual perspective was simply outstanding.

The commencement of Stage 3 after our first release of players began in March with a final release of players allowing us to select our Division 1 and 2 sides. We were now ready to enter the interleague carnival, after a 20 week program.

Our Stage 1 program started in November 2022 across 4 weeks, which included training with Dandenong Stingrays, Gippsland Power and Casey Demons VFL all taking training on various nights. This was enthusiastically received by both players and coaches in Our goal was to introduce a program that offered the players something that they may not have seen at local level of football. A strong emphasis was placed on the fundamentals, ground balls, kicking, marking and

handballs. As the program proceeded, we introduced game sense drills that gave the players the opportunity to practice their fundamental skills but in a game environment, explaining why we train like this and the purpose of training the way we do. This then allowed us to develop match simulation drills hoping that the players would be able to implement this on game day. A high priority of our Academy was also the language. We wanted players to understand the words and phrases that they would be hearing if their football pathway took them to a higher standard, e.g VLine, Coates Hire futures U16's to Coates Hire U18's. We wanted to develop the 13's challenging the older age groups which would hopefully give them the opportunity to take the next step towards VLine. To let the players know that they are being watched in how they act, communicate with each other and how they generally hold themselves in society.

Our Academy wasn't only just about developing players, but also to help develop coaches so that they understood the language, the training drills and that they could take this information back to local level and make our league stronger and more productive in the development of talent. It also enhanced our Academy to run more proficient as we had more coaches understanding our direction of where we wanted to go.

Finally, we also wanted to instil, good, strong values in the playing group that would not only help develop their football, but also help develop them as young human beings. An appreciation of having this opportunity to train within the Academy and to respect it, was driven into the group. Appreciation of our families and the time and effort they give us as. If I could simplify what we wanted to achieve, I would put it as we wanted to, "bring the best version of themselves out".

I honestly believe we achieved these goals and will continue to get better in trying to set new standards and learn and develop us all. You never stop learning.

Thankyou to everyone involved in making our Academy a huge success, with a special thanks to Hope Smith, Sean Chamberlain, Caleb Van Raay, Matt Don and Nathan Harris to make this possible.

HAYDN O'CONNOR

GENERAL MANAGER OF OPERATIONS - SOUTH EAST

UMPIRE REPORT

I am pleased to present the Annual Report for the AFL South East Umpiring Department, reflecting on the remarkable year that was 2023. It is my privilege to report on the achievements, challenges, and the tireless efforts of our dedicated team. The past year has been characterized by growth, excellence, and a commitment to raising the standards of umpiring within our region.

ACKNOWLEDGMENTS & TRANSITIONS

Before delving into the details, I would like to express our heartfelt gratitude to Dean Armstrong, who served as the Umpire Operations Coordinator from June until late November. Dean played a crucial role in guiding AFL South East Umpiring during this period, and his contributions have been invaluable. We extend our sincere thanks to him for his dedication and leadership.

UMPIRE RECRUITMENT & APPOINTMENT RATES

In 2022, our region faced a challenge with an average of 70% of matches being filled. However, I am pleased to report that through concerted efforts and a strategic approach to recruitment, we have witnessed a remarkable turnaround in 2023. The registered umpire count increased from 409 to 644, contributing to a significant improvement in match appointment rates. For the MPFNL, an impressive milestone was achieved, with 100% of matches having Field Umpires appointed. Similarly, the SEWF witnessed a commendable 98% appointment rate, reflecting the commitment of our umpires to officiate at the highest standards. In our Junior competitions, over 90% of matches had Field Umpires appointed, showcasing the growth and development of our young umpires. This achievement would not have been possible without the dedication of our existing umpires, the recruitment efforts of our team, and the support of the broader AFL South East community. It is a testament to the collaborative spirit that defines our region.

APPOINTMENT OF RUSSELL DAVIDSON (Field Umpires Coach)

In a significant development, we welcomed Russell Davidson as the AFL South East Field Umpires Coach. Russell's appointment comes on the heels of his recognition as the AFL Victoria Coach of the Year in 2022, and we are fortunate to have him on board.

Russell has brought a transformational approach to our Senior Umpire Group, and the results speak for themselves. His coaching philosophy, combined with his experience, has elevated the performance of our umpires and set a new standard for excellence. We extend our sincere thanks to Russell for his dedication and positive impact on our umpiring community.

RECOGNITION OF COACHING TEAM

Behind the success of our umpires is a dedicated coaching team that deserves commendation. Adam Holland, our Boundary Umpires Coach, has played a pivotal role in the development of our boundary umpires, ensuring they are equipped with the skills and knowledge to excel in their roles. Dean Jones, our Goal Umpires Coach, has similarly contributed to the growth and proficiency of our goal umpires.

Jaye Edmunds, serving as the Head of Performance, has been instrumental in implementing performance strategies that have contributed to the overall improvement of our umpires. Darren Murray and Xavier Willis, our Junior Coaches, have played a crucial role in nurturing the next generation of umpiring talent, setting a strong foundation for the future.

I would also like to extend my gratitude to all other members of the AFL South East Umpiring Department. Your collective efforts have made a significant impact on the success and growth of umpiring in our region.

LOOKING AHEAD

As we reflect on the accomplishments of 2023, we must also look ahead to the future. The growth in umpire numbers and match appointment rates is a positive sign, but there is always room for improvement. We remain committed to providing the necessary support, resources, and opportunities for our umpires to continue their development.

In conclusion, I would like to express my appreciation to the entire AFL South East community for their ongoing support of our umpiring program. The success we have achieved in 2023 is a testament to the collaborative effort of all involved, and I am confident that together, we will continue to raise the standards of umpiring excellence in our region.
